STUDENT GROWTH

The growth level at this school is **above average** for English and **above average** for math. The measure is an average rate of student academic growth for a school over the past two years. It is calculated by comparing students' year-over-year gains with peers who started out at the same achievement level on state English and math exams.

STUDENT PROFICIENCY

The school report cards also include data about each school's test proficiency, or the percent of students meeting grade-level expectations on the state's standardized English and math exams.
