

Esports Club

Esports Club will be a club where students will play a video game with other students in a team based environment. The game they will be playing is Rocket League. This game is a mix of cars and soccer in a 3 vs 3 competition. Two teams of three choose from a variety of high-flying vehicles equipped with huge rocket boosters to score aerial goals and pull-off game-changing saves. Rocket League gives students an opportunity to act as a Small Group “Team” while using and developing communication skills, analyzing gameplay, and formulating strategies.

Open to all 7th and 8th grade students
No experience needed
Space limited to 12 students

Meeting dates will be Wednesday afternoons between 3:00 pm - 4:00 pm in the Media Center.

Meetings dates are 5/3, 5/10, 5/17, 5/24 (7th grade only)

Please return the registration packet to Mr. Kaufhod in the Media Center. If you have any questions, please reach out to me via email at kkaufhold@niles71.org
